# Thoughtful gifting to celebrate individuality

**A** time to share joy and celebrate. The zebra and giraffe symbolise everything we wish for 2021. To love ourselves for our individuality, each zebra carries a unique stripe design, as a herd they blend perfectly and keep safe from the prowling lion. Safer together yet beautiful in one's own right, an apt reminder of the importance of community.

The zebra is never tamed a wild wonder indeed.  
Our giraffe sparks joy: intuitive, graceful, and  
affectionate, she looks ahead in life and  
avoids negativity.

Paisleys and botanicals embellished with our animals hidden within, this collection brings thoughtful gifting from us to you.

# VINTAGE & CO

## WHAT IS VINTAGE?

According to the dictionary; 'something from the past of high quality, especially something representing the best of its kind' The winning combination of Artisanship & Ingenuity as found in the rich variety of British design is our Vintage & Co. touchstone. Our eclectic mix of British pedigree, vintage fabrics and colours continues to grow in popularity.

## FABRICS & FLOWERS

The 'make and do' theme of patchwork, stitching and mending inspired us. Playing with a patchwork style we used a graphic diamond grid, each panel holds an eclectic mix of vintage colours, prints and patterns with a hand-crafted feel and a modern edge.

## PATTERNS & PETALS

The geometric light pattern of a vintage fabric fills the background with added layers of vintage flower illustrations and watercolour petals. Light touches of rose gold add extra detail to create the preciousness of the past in a modern fashion.

## VEGAN FRIENDLY

## BRAIDS & BLOOMS

The art and delight of dressing up for a special occasion inspired us. Working with diagonal patterns of vintage braids placed against blue and white geometric tiles alongside overblown blooms touched by rose gold glints we conjured up the sound of heels across a tiled floor, the scent of perfume, the glimpse of a feather upon a hat and a fan held tightly ready for the night to unfurl.

Please enjoy the best, most delicious qualities of all things we consider vintage combined to produce a thoughtful forward-looking brand  
our Vintage & Co.

## Frequently Asked Questions

### Q. HOW DO ESSENTIAL OILS WORK?

The molecules are easily dissolved which allows them to penetrate the skin easily and work into the body by mixing with the fatty tissue. Meantime, as the essences evaporate they are inhaled, entering the body via the millions of sensitive cells that line the nasal passages. These send messages straight to the brain, and affect the emotions by working on the limbic system, which also controls the major functions of the body.

### Q. WHAT ARE THE BENEFITS OF VITAMIN E FOR THE SKIN?

Vitamin E is vital in protecting skin cells from ultra violet light, pollution, drugs, and other elements that produce cell-damaging free radicals, as it is an anti-oxidant. Vitamin E helps skin look younger by reducing the appearance of fine lines and wrinkles and helps reduce the appearance of stretch marks. It can also help prevent the appearance of age spots and strengthen the skin's barrier function and helps maintain the skin's oil balance during the cleansing process.

### Q. DO HEATHCOTE & IVORY TEST ON ANIMALS?

Absolutely not. None of the Heathcote & Ivory, RHS, Sara Miller, Morris & Co. or Cath Kidston products are tested on animals, only on us! We make it a rule not to allow any animal derivatives in our products, the only exceptions are derivatives where the animal has not been harmed in any way by the process e.g. beeswax and lanolin.

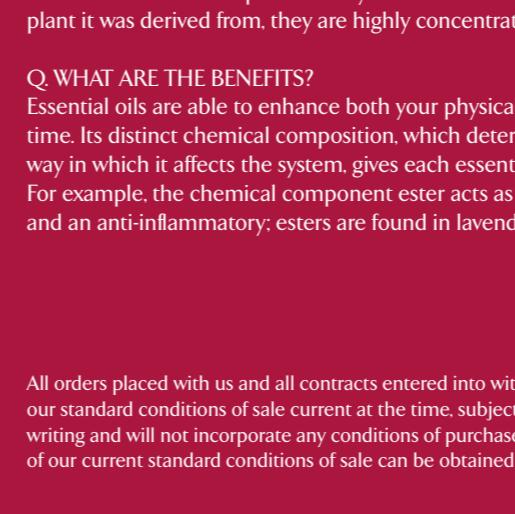

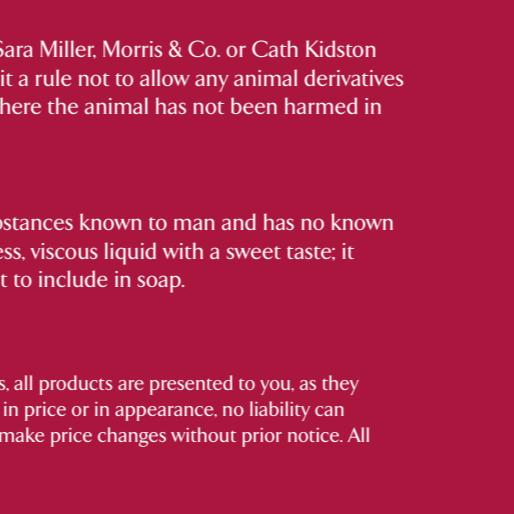

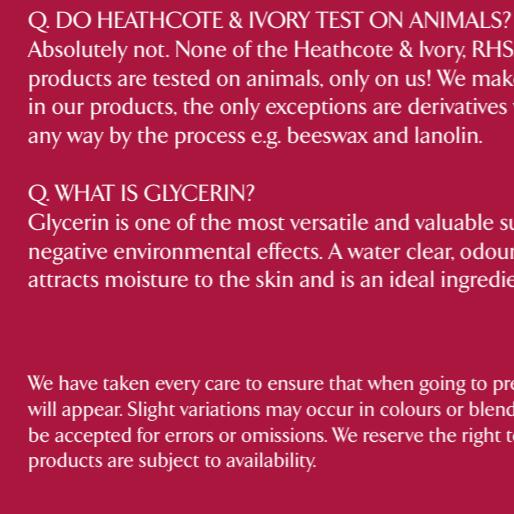

### Q. WHAT IS GLYCERIN?

Glycerin is one of the most versatile and valuable substances known to man and has no known negative environmental effects. A water clear, odourless, viscous liquid with a sweet taste; it attracts moisture to the skin and is an ideal ingredient to include in soap.
